Jay Storti
FOAMCO
3185 New Prospect Road
Pine Bush, New York, 12566

Dear Jay,

I want to thank you for the excellent job of SPRAY FOAM INSULATION at 11 Sherman Road in Kerhonkson, New York. This was the perfect application for spray foam.. It is an old farm house with rough sawed 2x4" balloon framing. The old sheathing boards provided little protection from the elements. The use of foam insulation filled up all the cracks. There is no infiltration of air through exterior walls. The tight walls provide a wonderful sound barrier from the outside. The heating equipment was reduced because of the tight shell enclosing the house.

You gave us prompt service when the house was ready for insulation was needed. Thank you for your professional service. This insulation provides us with a Green solution to save energy.

Sincerely,

Nancy Copley, Architect
